

We the Veterans of Indy, LLC

- **Provide Minority Representation to help Contractors procure government contracts.**
- **Assist Contractors in the bidding process, ensuring the highest score possible to secure contracts.**
- **Accomplished by a Disabled Veteran owned business that you can trust!**

Our Veterans deserve better representation throughout the Great State of Indiana!

Let's work together in order to get you the contracts you want and deserve!

Rusty Johnson is a Disabled Veteran who was bit in the spine by a coral snake requiring 29 back surgeries. He struggled for over 19 years to get his VA disability.

Because of that, for the past 10 years, he has helped over 800 Veterans in fighting the Veterans Administration for their disability.

Rusty works close with Veterans in helping them find employment through the State of Indiana.

With this experience, he saw the need for Contractors to use Minority Representation in securing contracts with the Local, State and Federal Agencies. Therefore, Rusty started his own business as a Disabled Veteran that works as a Minority Advisor to the

Contractors to secure their contracts with the Local, State and Federal Agencies; thus allowing more contracts awarded to Minority Contractors.

Currently, less than 14% of the contracts are being awarded.

Together, we can turn this around.
